OLSM Curriculum Statement

At OLSM school we want to ensure our curriculum enables children to become life -long learners who demonstrate the four purposes in their everyday lives within Abergavenny.

Our curriculum will allow children to become aware, value, develop and identify their place in the local community, while also ensuring they are happy, kind, thoughtful, compassionate, loving, forgiving, and generous to others.

Our curriculum will allow pupils to enjoy, have fun, feel engaged and become creative with their learning, while also allowing them to feel their thoughts, ideas and suggestions are valid and drive the learning process.

'Our learning to live' curriculum will be driven by our curriculum vision statement of-

'We live in Abergavenny', 'We love our country' and 'We learn about our World,' encompassed by 'We Grow in Jesus.'
